FIFTEEN CENTS

**BEAUTIES ALL** — Members of Miss Lakes Region Pageant all have smiles right after Sally Ann Mueller, of Wildwood, is crowned at March 29 contest. Traditional congratulations are offered as she is surrounded from left by 1979 queen, Lillian Foreman; contestant, Tammy Carrubba, Antioch; Miss Mueller; Sue Thulin, Libertyville; and foreground, Miss Illinois, Elizabeth Russell. Miss Mueller received a \$1,200 scholarship for competition which centered around swim suit, talent and evening gown competition. — Photo by Lisa Wilkie.

## Weeks of waiting over for Lakes contestants

Many weeks of preparation and perspiration culminated with the crowning of the 1980 Miss Lakes Region queen at the high school auditorium in Antioch, before a crowd of nearly 500 people.

Sally Ann Mueller, 21, of Wildwood, was chosen from among nine contestants to represent this area in the Miss Illinois Pageant in Aurora in July, and from there, could advance to compete in the Miss America Pageant in Atlantic City.

Miss Mueller has a history in beauty contests as having been fourth runner-up in the Miss Illinois Pageant last year.

She will receive a \$1,200 scholarship, plus a \$300 wardrobe. She will also gain the use of a car from Lyons and Ryan Ford to use as transportation to the Miss Illinois contest. Miss Mueller, who has had many years of piano, performed a classical work in the talent competition. She is enrolled at Eastern Illinois University.

April Paul, 18, of Gurnee was first runner-up in the contest, and will receive a \$600 scholarship. She was formerly Miss Gurnee, and is enrolled at the College of Lake County. Miss Paul performed a dramatic reading for her talent.

**THE THIRD RUNNER-UP**, Anita Vaughn, 21, of Waukegan, sang her own rendition of "The Way We Were" for the talent portion of the pageant. She is employed at the Zion Nuclear Station as a clerk.

The pageant ran as smoothly as could be expected with Larry Leafblad of WEFA radio donning emcee shoes for the evening. Special entertainment was provided by the Antioch High School swing choir, and the musical group Rude Awakening.

Also, special appearances were made by Miss Illinois, Elizabeth Russell and Miss Antioch of 1979, Lillian Foreman, who, holding back tears as best she could, said goodbye to her crown.

Other contestants who lit up the stage included, Carol Hildinger of Lake Villa; Jill

Skradski of Lindenhurst; Andrea Kleban of Grayslake; Janine Dugan of Gurnee; Susan Thulin of Libertyville; and Tammy Carrubba of Antioch.

The weeks of waiting are over for the young women, their sponsors, and their friends. The sponsors, the Antioch Chamber of Commerce and Industry, the overseer of the event, and the committee in charge reported that the contest was very successful.

## Athletes show appreciation to school board

At the regular meeting of the Antioch High School Board of Education on March 27, Dan Behne, Tim Plett, and Jim Sertic, 1979 varsity football players and coach Steve Wapon presented a plaque to President Robert Lindblad and the board of education in appreciation for the support shown by the board members during the Sequoia quest for state championship.

Board Secretary Bette Meyer read correspondence received from the Antioch Upper Grade Band Parents Assn. thanking the high school for the use of the gym for the recent band festival.

The board approved the purchase of a new dishwasher for the cafeteria and curtains for the welding booths in shop area, and selected the low bid of Peter Baker for renovation, enlargement, and metrification of the running track.

The board also approved ending school on Tuesday, June 3, contingent upon the use of no emergency days.

A new policy, to be approved at a future board meeting, was drawn up regarding rental of facilities. The policy will include guidelines for rental to other taxing bodies, not for profit organizations, service and civic organizations from within the district boundaries.

Also approved was the 1980-81 athletic budget submitted by Athletic Director Ward Lear.

Director of Curriculum Gary Allen reported pre-enrollment for fall 1980 of 1790 students and received approval for the 1980-81 gifted education application for reimbursement in the amount of \$5200.

## Las Vegas comes to Antioch

The Antioch Jaycees and the Antioch Vikings Junior football league are readying for the fifth annual Las Vegas night from 7 p.m. to 1 a.m. on Saturday, April 19, at the Antioch Action Center.

The \$5 admission includes: \$5000. play money, and a chance at three prizes, first prize being a trip to Las Vegas; second prize a weekend in Wisconsin; and third prize six monthly dinners in area restaurants.

Tickets are available at State Bank of Antioch, First National Bank of Antioch, Antioch Savings & Loan Assn., and also from Jaycee members and Antioch Vikings Junior football league team members.

## Florida trip offers hope to Antioch resident

by LISA WILKIE

A Sunday without the CBS 60 Minutes Magazine program, to some people, is like summer without baseball. Those that follow the show, may remember a recent program advocating the use of poisonous snake venom as a use for the ills suffered by multiple sclerosis and arthritis victims.

Sheppard Clinic, founded by Dr. Ben Sheppard, is located in Miami, Fla. After the 60 Minutes show, the clinic was flooded with patients suffering nerve disorders, seeking relief, and hopefully complete cure. Channel Lake resident Louise Gutowski was one of those hopefuls. "Ninty-eight percent of the

people there, were seeking treatment for MS," she said of the people visiting the clinic.

MRS. JOE GUTOWSKI is a victim of the unpredictable MS disease that many times strikes without warning. She has had MS for seven years; however she pointed out that the last three years have been the worst. "I went through a spell of paralysis," she commented. "I lost movement from the waist down, but through medication, I regained some use and started getting around with a walker."

Her doctors wished her good luck when she embarked shortly after Christmas in search of help for her MS condition. "The clinic offers a 50 percent chance of improvement to MS victims," she stated, "while they say there is a 70 percent chance for arthritis victims."

Mrs. Gutowski said there were people from all over the country at the clinic during the time she was there. "I even met a person from Anchorage, Ala. There was an even distribution of men and women ranging in age, I'd say, from early 20's to the 60's," she said. "While I was there, the BBC (British

## POTATO CHIP

The potato chip came into existence by accident 127 years ago at the Moon Lake House Restaurant in Saratoga, NY. Indian chef George Crum plotted revenge on one of the fashionable resort's frequent diners, Commodore Cornelius Vanderbilt, when the commodore had dared to complain that his fried potatoes were too thick. Slicing a new, thinner batch, Crum tossed the potatoes into an open Kettle of oil and simmered them to a crisp for Vanderbilt, who gave them rave reviews.

## PLAQUE POINTERS

Plaque is probably the biggest cause of tooth decay and eventual loss. What is it - how do we acquire it - and how do we control it?

Plaque is the sticky, practically colorless film that builds continuously on the teeth. The main inhabitants of plaque are bacteria - one milligram of plaque can contain a half-billion bacteria. Bacteria ferment sugars in the mouth (why not to eat sweets), changing them to acids which then eat away at tooth enamel. "Look, Ma - cavities!"

As the plaque creeps below the gum line, it mineralizes and becomes razor sharp deposits of tartar which is the catalyst of periodontal (or gum)

disease - by far, the major cause of tooth loss in adults.

Plaque must be removed daily by "proper" brushing and the use of dental floss. Have your dentist or hygienist show you how to do it properly.

The best way, if not the only way, to remove tartar and long-established plaque is to have a professional cleaning. But, remember, it will start to reform the very next day. The only one who can remove plaque regularly is you.

## Carvers to make show plans

The Chain O' Lakes Woodchippers will conduct their regular meeting, Wednesday, April 9, in the meeting room of the Antioch Masonic Building from 7 to 9 p.m.

The program will be devoted to seeing colored slides developed by the National Carvers Museum portraying the woodcarvings given to the museum by famous woodcarvers throughout the United States. The public is invited to see these slides at no charge.

Final plans and committee assignments will also be made by President Al Dittman for the third annual woodcarving show at the Lakehurst Shopping Center, April 26 and 27.

## Dancers slate ramble

The T-P Taws and Paws will hold their next square dance, "a rainbow ramble," from 8 to 10:30 p.m. on April 4, at the Kenosha Women's Club in downtown Kenosha. The club hall is on Sheridan Rd., at 6028 8th Ave.

Ted Palmen, club caller, will be calling the squares. The club dances mainstream and quarterly selections. Line dances also are performed by the group.

The club dances on the first Friday of the month in Kenosha and the third and fifth Fridays at the Lake Shangri-La Community club hall, 22112 121st St., Kenosha County, Lake Shangri-La Woodlands.

For further information or directions call 244-2116 or 414-857-2513.

## Math team places in state competition

Antioch High School has a math team that participates throughout the year in math contests and extensive testing. According to their advisor, Jay Bratton, the tests can prove beneficial as students apply to colleges, but most of all, the challenge that the top math students realize is the biggest benefit.

"Only the top students are asked to be on the team," Bratton stated. "Each math teacher is asked to recommend the superior students from their class," he added.

Once students are on the team, they must be willing to practice. "Students work problems together, and they work various types of problems, so that they are ready to solve anything," he said.

THE TEAM HAS to be ready to answer any

type of question, and on the national level the tests are multiple choice. "It is best for the student to try to guess the answer, only if they have to, because they get a certain number of points for each answer they get."

The team has been competing for two years, and on March 4 competed in the 31st annual national math examination held at New Trier High School.

The grueling 90 minute test consisted of problems in any pre-calculus topic. Twenty-seven of the best math students were invited to take the test.

Keith LaChance, a senior, scored the top tally with 75 points while seniors Jim Sertic and Peggy Rogers scored 67. The total team score was 209.

## Along the way with ANNIE MAE

The waiting is finally over for all you beauty contestant watchers and competitors. Saturday night, some of the most beautiful young ladies around got together at Antioch High School to participate in the Miss Lakes Region contest. There were tall ones and short ones, skinny ones and thin ones, cute ones and pretty ones—it's really too bad that everyone couldn't win.

The winner turned out to be Sally Ann Mueller from Wildwood, who has had just a little bit of experience in the pageant business to begin with. She was fourth runner-up in Miss Illinois contest last year, and now will compete again this year.

Everyone's favorite DJ, Larry Leafblad of WEFA, was the emcee for the event. A really good band played there too. I think they were called Time to Wake Up—something like that anyway. And, the Antioch High School swing choir provided some great entertainment while the audience waited between acts.

The girls performed such good talents too. One girl did baton twirling with lights on the end of her batons. Another girl roller skated on stage and just about fell over her chair when she was going to sit down and recite a poem.

And, Miss Illinois was on hand to sing a couple songs too. Oh, to be young again.

Boy, I know right where I'd go if I was young again. I'd drive up to Tom Furlan's Dugout Inn up in Trevor. A weekend ago, he hosted a small party for Greg Dickson, who just happens to be getting married. I guess there were just all kinds of people there celebrating the last of Greg's bachelorhood. According to Tommy, you couldn't ask for a nicer bunch of guys to party with. Even heard the Rambler from Fox Lake was up there. Sure wish I'd run across him again, and so does Mayor Haley.

So anyway, good luck Greg. They say the fun is just beginning.

Got the news that the historical society and the Antioch Rotary Club will be working together in the restoration of the old Antioch Grade School. There are just so many memories there. High school used to hold classes there, and students only attended two years. If they wanted to go on, they had to go all the way into Waukegan.

Heard the Jaycees' blood drive was really successful, and Anne Lorang was on hand as the drive was held in memory of her late husband, Dr. John Lorang. Dr. Lorang was an advocate of a local blood program that would provide insurance for township residents.

The Jaycees are now getting ready for their annual Las Vegas night and also their annual dinner. Sure are a busy bunch.

Wonder if the spring weather has gotten to anyone else besides me. I know the police department is a little restless, even with their new office. Hang in there you guys, crime sure don't pay just like it used to.

The Antioch Chamber of Commerce and Industry will be holding its general membership meeting on April 8. Antioch Trust president Paul Pavelski and attorney Michael Gantar will be speaking on trusts and how they can benefit the Antioch area.

The Chamber will also be sponsoring an Easter egg hunt at area stores. It will be so fun to try and find a prize in the eggs at some of my favorite stores.

Sure will be a nice fashion show coming up sponsored by Emmons Grade School. On April 24 at Crescent Bay Landing, teachers will be modeling fashions from Four Squires, the Carousel and the Yellow Brick Road. Biggest fund-raiser for the PTO. There will be antique clothes modeling too.

Well wishes go out to Bernie Gutowski who is recovering after a stay in the hospital and to the Koppas who are the proud parents of an eight pound 13 ounce baby boy James. The little one made his debut on March 22.

Also hope that Edna Drom is getting that leg back in shape. Sure do miss her at Reeves.

I hear that Bill Georgeson, of the World Famous Pub, is going to give the old concession stand at the pool a whirl this summer. Sure hope he can make some good of it. Sure hope he's been keeping at his backgammon lessons. Never know when he'll have to get out the old board.

Sure hope that no one had any bad April Fools jokes played on them. Remember to fill out your census that was due on April 1. They're counting on you to count for them. And besides, who wants to have someone from the census bureau knocking on their door in the near future.

Birthday wishes go out to a man that has reached a milestone, 30 years that is. Good ol' Larry Bersie will be celebrating having made it this far next Saturday. It's down hill all the way, Lar. He's one of my favorite bartenders out at, you guessed it, Furlan's Dug Out.

# OUTDOOR WOOD

Wolmanized

Pressure-Treated Lumber

Build beautiful,  
long-lasting patios

When you build outside, use Outdoor® brand wood. It needn't be stained or painted. It's resistant to decay and termites. And it stays beautiful whether or not you paint or stain it.

This deck was built with Wolmanized® lumber... Outdoor wood. It's ordinary wood—pressure-treated with Wolman® preservative chemicals to keep it handsome, sturdy, and worry-free for dozens of years.

Considering how long Outdoor wood lasts, it's relatively inexpensive. Use Outdoor wood for your next project. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

Be sure to look for the Outdoor® wood mark on each piece of lumber. If it doesn't have the mark, it isn't genuine Outdoor brand wood.

### Political season at PM&L

Garson Kanin's uproarious comedy, "Born Yesterday," is the next show to be seen at the PM&L Theater, 977 Main St. in Antioch. The play opens Saturday, April 12. Following performances are set for Fridays and Saturdays, April 18, 19, 25, and 26. Curtain time on all five nights is 8:30 p.m.

Don Beveroth directs the PM&L production of the play, which has enjoyed remarkable success both on Broadway and as a movie. Brimming with broad political satire, "Born Yesterday" is an obviously appropriate PM&L choice

for this season of politics and elections.

The show tells the story of a wheeler-dealer gangster, Harry Brock (played by Frank DiMarco of Zion), who invades Washington, D.C., to buy legislation favoring his junkyard business. He collides with a muckraking journalist, Paul Verrall (Gary Richter). Brock is surrounded by his glamorous and at first, politically naive moll, Billie Dawn (Priscilla Gwin, Waukegan); his Harvard-trained lawyer, Ed Devery (Frank Greenwood, Round Lake); his totally obedient cousin, Eddie Brock (Hank

Apostol, Antioch); his bought - and - paid - for Senator, Norval Hedges (George Blanksten, Antioch); and the Senator's status-conscious wife, Anna (Dorie Hubbard, Antioch). Others in the PM&L cast include Dee Baum, Bill Seemann, Steven Beno, Larry Bersie, Nancy Balmes, Derrick Richter and Nick Loiacano.

Reservations to see "Born Yesterday" are already being made in considerable numbers. To make reservations, call 395-3055. Plan to arrive at the theater no later than 8:15 p.m. on the night of the show.

### Globetrotters to appear tonight

An American institution in the form of the world's most popular sports team will be in Antioch April 2 when the Harlem Globetrotters appear at Antioch High School.

This game is one stop on the Globetrotter 1980 World Tour which will take the magicians of basketball to more than 400 cities in the United States, Canada, Australia, New Zealand and the European continent.

More than three million people will marvel at the unique brand of basketball magic offered by the famed Globetrotters.

Now in their second half century, the Trotters have played before more than 95 million people in 97 countries.

The Globetrotters have played before Presidents and Popes, Kings and Queens and millions of just plain people in more than 1,600 North American cities

and in hundreds of foreign cities and towns.

One reason for the incredible Globetrotter success is that the entertainment is strictly G-rated, all-family fun. Fans also know they are watching the world's greatest basketball players.

Through the years the Globetrotters have thrilled their fans with their superb ball handling, fancy dribbling and pin-point passes. In fact, basketball experts today often describe any play that brings the crowd to their feet as a "Globetrotter style play."

In addition to the Globetrotter game, fans will be treated to an all-star variety spectacular presented during halftime.

## Hope for Gutowski

Continued from Page 1  
Broadcast Corp.) was filming, so it was pretty hectic."

ALSO WHILE SHE was there, Sheppard died. "He had a sudden heart attack, but the serpentarian plans to carry on the clinic," she said.

The serpentarian, Bill Haast, according to Mrs. Gutowski, is in his 60's, and discovered the affect of snake venom on the nervous system. "He felt that if it affected a normal person's system by keying up the nerves so, that the effects would greatly help a person with MS," she said. She also noted that Haast had been bitten 136 times by poisonous snakes.

The treatment for Mrs. Gutowski, now back at home, began on March 1, and she said that she has enough medicine for six months. "I take shots just like a diabetic has to," she stated. She doesn't know if the treatments will help, but she believes that there has already been some change in her condition. "I think my balance is better, and I

know my legs are stronger," she noted.

"MS IS A VERY funny disease. I could get total remission tomorrow, but on the other hand, I could become totally bed-ridden," stated the mother of four.

Mrs. Gutowski was able to work as a cook at the Channel Lake Grade School up until a year and a half ago when her legs got bad. "I really had no warning except for increasing fatigue," she stated, "my hands were the first to have problems and then I lost the sight in one eye. Until my legs got bad, nothing was keeping me from normal activity except for fatigue."

What keeps her going is her attitude. "Emotions play a big part in MS. I realize that the cards have been dealt, and now I just have to play them. My family and good friends have really helped my attitude," she said.

Although the MS Society has not yet endorsed the Sheppard Clinic, Mrs. Gutowski feels that the clinic is the greatest. "For some of us, the clinic is the last hope," she concluded.

## Math team competes

Continued from Page 3

STUDENTS DESERVING special recognition are Tom Green, top algebra II student; Terry Parker, top geometry student; Michele Cudahy, top Algebra I student; and Donna Skidmore, top freshmen.

The team has also started competing with other area schools this year. On March 20, seven area high schools competed in the first annual Antioch-Warren invitational at Antioch High.

Antioch High Supt. Warren Polley and Warren High School math department chairman, Elmer Stone, presented the first and second place team members with ribbons, and overall first place trophy to Lake Zurich.

In addition to Antioch, Lake Zurich and Warren teams, North Chicago, Round Lake, Stevenson and Wauconda entered teams in

the competition. There were four written tests with problems from algebra I, geometry, algebra II and pre-calculus. Each test had 20 difficult problems, and 50 minutes were allowed for the test. The school's score was the sum of the two highest in each subject area.

THERE WERE TWO relay events, which let four students sit one behind the other. Each student must work a problem, and his or her answer is then passed on to the student in back to be used in that person's problem. The first team with the correct answer for the last problem scored 10 points. "This can be a frustrating event," Bratton said, "if one person gets a problem wrong, the answer to the last problem will be wrong."

Antioch placed fourth at the invitational with 90 points. First place Lake Zurich scored 107.

## More than just bowling at Antioch Bowl facility

The Antioch Bowl, located on Rte. 173 in Antioch, is a recreational facility with everyone's interest in mind. The bowling alley houses more than just lanes: there is a fitness center, a banquet facility, an arcade, a pro shop, a babysitting service and a night-club suitable for all adults.

The alley, co-owned by Marty Padjen and Joe Sterbenz, offers programs for any age group through both league and nonleague events. Summer leagues are just about to get underway with sign-up for youth, men, women, singles, and families. There is also scratch bowling.

A program that Antioch bowlers can participate in is the annual Beat the Champ contest. Sue Galassini, who bowls during the Thursday afternoon women's league, placed ninth in the state Beat the Champ contest out of 99,012 entries.

THE ALLEY HAS two bars for bowlers' convenience, plus the Calypso Lounge which is managed by Darlene Solano. This club features ladies nights on Tuesdays and Thursdays, an open stage on Wednesdays and dancing on Fridays and Saturdays. DJ's Wayne Blake and John Hauser spin music ranging from the 50's to current selections on those evenings.

Antioch Bowl's banquet facility, the Tower Room, is located on the upper level of the Bowl. It is a self contained facility holding up to 300 people. Managed by Polly Carlson, this

room can be used for small parties or large wedding receptions, and according to Sterbenz, there are parties scheduled each weekend throughout the summer. The room has bar and dancing areas.

The newest and most growing facility at the Antioch Bowl is DJ's fitness center. This center is complete with raquetball, whirlpool, exercise and steam room facilities. There are both men's and women's nautilus fitness programs.

OWNER DANIEL STERBENZ, who recently joined the Chamber of Commerce, has announced the addition of a masseuse for both men and women. There is also a suntanning process, and hypnosis clinics for smokers and weight loss.

Health coordinator, Sharon Harrison, who has worked at various health clubs, including the Chicago Health Club, has studied physical fitness under Dr. Paul Ward and Dr. Robert Gayle. Ms. Harrison is responsible for setting up weight loss, exercise and nutrition programs at the center.

Enrollment at the health club is well over 500 memberships with positions still available.

The Antioch Bowl has something for everyone. With over 400 youth bowlers, along with growing nightclub clientele, the fun center is growing with the community's needs.

## CORRECTIONS IN ANTIOCH TOWNSHIP ASSESSMENT ROLL BY THE LAKE COUNTY BOARD OF REVIEW FOR 1979.

Pursuant to Sec. 109 of the Revenue Act of 1939 as amended, the following is a list of the changes in the assessment of real property for the Year 1979, as authorized by the Lake County Board of Review for Antioch Township properties.

The changes listed below were further modified by an equalization factor of 1.2181 applied to all real estate, except the following:

Land classified FF; commercial and industrial; Village Green Sub.; Leisure Village Sub.; Sequoit Terrace, 1st and 2nd add.; Channel Lake Shores Sub., 1.087.

These values are also subject to adjustment by the State of Illinois Department of Local Government Affairs equalization factor.

This publication does not reflect reductions for Homestead Exemptions, Homestead Improvement Exemptions and Veteran's Exemptions.

Note that land values and improvement values appear separately and should be added together to arrive at a total assessed value.

NOTE: First row of figures is Assessed Valuation.  
Second row is Board of Review Valuation.

**LAST TIME** — 1979 Miss Antioch, Lillian Foreman, adjusted her crown for the last time on March 29 at Antioch High School during Miss Lakes Region Pageant. Antioch Chamber of Commerce and Industry sponsored event, in which nine young ladies competed for title, had chance to compete for spot in Miss Illinois competition in Aurora in July. Beautiful Miss Foreman had tough time holding back tears when she thanked friends, supporters, and family during pageant for her year as queen. According to chairman Marlo Good, pageant went just as expected with about 500 people enjoying evening. — Photos by Lisa Wilkie.

**HAPPINESS IS** — New Miss Lakes Region, Sally Ann Mueller, 21, of Wildwood, was crowned by reigning Miss Antioch, Lillian Foreman, left, and Miss Illinois, Elizabeth Russell, right. Miss Mueller will now compete in Miss Illinois competition, and receives \$1,200 scholarship to continue studies at Eastern Illinois University where she is a junior. Pageant was well attended, with entertainment by Antioch High School swing choir and band, Rude Awakening.

**OH-OH** — That's the look as Lori Kay and Jason Folbrick take moment out for play at The Yellow Brick Road during their fittings for Emmons PTO Fashion Show. The Yellow Brick Road is one of three stores participating in the Emmons show this year. Owners, Pat Folbrick and Ginny Henning will be participating in show, entitled "A Fashion Affair . . . Yesterday, Today and Tomorrow" which will be held on April 24, at Crescent Bay Landing in McHenry.
